Forward Looking Statements

Accelerize Inc. provides the information as is and without any warranties. These corporate materials do not constitute the solicitation of the purchase or sale of securities. These corporate materials may contain forward-looking statements from Accelerize Inc. within the meaning of the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995 and federal securities laws. For example, when we describe our revenue projections, our growth prospects, market opportunities and the forecast for advertising markets, we are using forward-looking statements. These forward-looking statements are based on the current expectations of the management of Accelerize Inc. only, and are subject to a number of factors and uncertainties that could cause actual results to differ materially from those described in the forward-looking statements. The following factors, among others, could cause actual results to differ materially from those described in the forward-looking statements: changes in technology and market requirements; our technology may not be validated as we progress further; we may be unable

to retain or attract key employees whose knowledge is essential to the development of our products and services; unforeseen market and technological difficulties may develop with our products and services; inability to timely develop and introduce new technologies, products and applications; or loss of market share and pressure on pricing resulting from competition, all of which could cause the actual results or performance of Accelerize Inc. to differ materially from those contemplated in such forward-looking statements. Except as otherwise required by law, Accelerize Inc. undertakes no obligation to publicly release any revisions to these forward-looking statements to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events. For a more detailed description of the risk and uncertainties affecting Accelerize Inc., reference is made to Accelerize Inc.'s reports filed from time to time with the Securities and Exchange Commission.

accelerize

Company Highlights

- Seamless Digital Media Integrations
- Cross-Device Tracking and Attribution
- And More...

IBM UBX Business Partner ecosystem

UBX is powered by an ecosystem of IBM Business Partners who create and leverage a vast pool of behavioral data.

“The challenge marketers face today is the ability to deliver at scale customer experiences that are timely and relevant. [UBX’s] launch is addressing this by removing a key pain point for marketers around data integration to free them up to deliver the more innovative and meaningful experiences that consumers demand.”

- Deepak Advani, General Manager, IBM Commerce

Financial Snapshot

- Revenue
 - Q3 revenue decreased 12.7%

Board of Directors

Brian Ross
Chairman & CEO

Brian Ross is a 20-year technology industry veteran, and has served as a founding investor for a number of early-stage companies, including E-force Media and Great Domains Inc., which was sold to Verisign for \$100 million. He also previously led business development for Prime Ventures Inc., and earlier in his career was senior vice president of business development for iMall, Inc, later acquired by Excite@Home for \$565 million. Brian founded Accelerize Inc. in 2005.

Mario Marsillo Jr.
Director

Mario Marsillo is the Managing Director of Private Equity for Network I Financial Securities Inc., a New Jersey-based FINRA member firm offering investment banking services. Prior to Network I, Mario acquired Skyebank, Inc., a registered broker dealer, with a specialty towards private equity, and served as the company's Vice President of Private Equity and Business Development.

Greg Akselrud
Director

Greg Akselrud is a founder and partner of Stubbs Alderton & Markiles, LLP. He chairs the firm's Internet, Digital Media and Entertainment practice group. Greg advises a wide range of public and private clients across a number of industries, including companies in digital media, Internet, entertainment, technology, consumer electronics and apparel. Greg is also a founding investor of FlashFunders, an online equity funding platform.
